Test Report

1634

Issue date:

04.25.2025

Customer	SC DOLPLAST SRL
Adress	119 Garlesti street, Craiova, county Dolj
Customer Order	Address/04.09.2025
Registration IBA	0314/04.10.2025
Sample code	1195
Sample	HDPE Canister , Raw material: HDPE + Masterbatch
Sampling	By the beneficiary
Sample presentation	Samples of green HDPE plastic sheets
Sample quantity	10 pcs. of 10 x 10 cm
Lot no.	-
Production date	2025
Best before:	-
Date of reception	04.10.2025
Start date of the tests	04.14.2025
End date of the tests	04.24.2025

Characteristics	U.M.	Test method	Results
Overall migration			
- Extraction 10 days at 40 °C in		PS-AB-01	
- 3% acetic acid solution	mg/dm ²	SR EN 1186-3:2003	1.15
- 20% ethyl alcohol solution	mg/dm ²	„	0.75
Organoleptic exam			
- Extraction 10 days at 40 °C in			
- 3% acetic acid solution		PS – AB – 04	
- sample and extract			Unchanged
- 20% ethyl alcohol solution		„	
- sample and extract			Unchanged

The results of this test report refer only to the sample tested.

Test report drawn up in 1 copy for the CUSTOMER. The report shall not be reproduced except in full without approval of IBA-București.

The samples are kept in the laboratory until the test reports are issued. The counter-samples are kept throughout the product's validity, but no more than 30 days. The responsibility for sampling, preserving and transporting of the sample, rests entirely with the person responsible for sampling and transporting it. The laboratory is not responsible for the data provided by the customer and their impact on the validity of the results.

Test Report / Issue date: 1634/04.25.2025

Characteristics	U.M.	Test method	Results
-----------------	------	-------------	---------
